SUMMARY

Full Stack Developer skilled in front-end and back-end development using HTML, CSS, JavaScript, React, Node.js, and MongoDB. Passionate about building responsive web apps, writing clean code, and delivering user-friendly digital solutions.

PROJECTS

Fast Food Company Website   **Jul 2025**

- Created a responsive and visually engaging website to showcase fast food items like burgers and pizzas. Built with HTML, CSS, and JavaScript for smooth navigation and clean layout.
- Included menu sections, promotional banners, and contact form for user interaction.

Blog Website   **Jun 2025**

- Built a secure blog platform with full CRUD operations, reducing manual content management by 80%.
- Implemented user authentication, increasing data privacy and user access control efficiency.

Portfolio Website   **Mar 2025**

- Designed and developed a fully responsive portfolio, improving personal branding and visibility across devices.
- Integrated a contact form and downloadable resume, enhancing user engagement and reach.
